

Home Schoolers!

Claremont Christian Academy is proud to support home schoolers! We strive to provide assistance to home schooling families through the specialty subjects and enrichment programs that we offer. During the 2005-2006 school year, we offered a high school level Literature (*American & British*) class, physical education classes, educational field trips, and the Ascutney ski program. We also included home schooled children in our Christmas musical, "It All Happened in the Country".

Participants in
"It All Happened in the Country"

This year, we hope to offer more special classes like last year's Literature class. These classes will be structured according to the talents of the teachers and the educational needs of the students. We will make the subjects of these classes known as soon as they are finalized. Home schoolers can also join our educational field trips, musical opportunities, physical education classes, the ski program, and community service events (nursing home ministries and Adopt-a-Highway cleanup).

We invite you to consider joining Claremont Christian Academy for these opportunities! There is a small monthly fee to participate in the home schooling program. If interested or for more information, please contact the school at (603)542-8759. We hope that our ministry at CCA is a blessing to you and your family!
